

Manor Church COVID-19 Safety Update – Please Read

We are grateful for the opportunity to worship in-person and online since late June. For your safety and the safety of others, we continue to monitor and respond to the changing safety guidelines provided by PA Health Department officials and the CDC. With the increasing COVID case counts and increased risk of infection, we ask that you please be aware of the following guidelines for Manor Church. We take these steps as a way to express love, care, and respect to each other.

The Commonwealth of Pennsylvania is now requiring individuals age 2 and over to wear a face covering when indoors regardless of physical distance. Face covering means covering the nose and mouth with material that is secured to the head. Face masks are required for anyone who attends or serves at our church. Please leave your mask on the entire time you are inside the church building. We have masks available if you forget yours.

We ask that everyone who plans to attend, (adults & kids) please register. Each Monday, registration will open on our app and website for worship services, youth, and kids gatherings. You may also register by calling the church at 717.285.3138 or by sending an email to info@manorchurch.org. Your registration allows us to ensure we are prepared for the expected number of people in the building and for contact tracing if needed.

As we have from our initial reopening in late June, we will continue to disinfect the auditorium between the worship services as well as continue with other enhanced cleaning.

If you are ill, not feeling well, have a weakened immune system, or have potentially been exposed to someone with COVID-19, please stay home, stay safe, and join us online for our services live on Sunday mornings or watch on-demand following the Sunday services on our Facebook page or by visiting manorchurch.org.
